EDUCATION

University of Wisconsin-Madison | Madison, WI

May 2027

Bachelor of Science: Computer Science & Data Science

- CGPA: 3.92/4.0
- Honors: Recipient of Malaysia Government Scholarship, Fall 2023, Spring 2024, Spring 2025, Fall 2025 Dean's List
- Relevant Coursework: Introduction to Algorithm (CS 577), Introduction to Big Data System (CS 544) Introduction to Artificial Intelligence (CS 540), Data Science Programming II (CS 320)

PROJECTS

Festify | Madison, WI | *Kotlin, Jetpack Compose, Firebase, MVVM, Hilt*

- Engineered a native Android social platform enabling users to organize, publish, and RSVP to real-time local events
- Integrated Firebase Suite (Auth, Firestore, Storage) via repository pattern for secure authentication and data
- Implemented dependency injection using Hilt to decouple ViewModels, Repositories, and data sources for testability

Generative AI Medical Assistant (NSDC Data Science Project) | *Python, PyTorch, Llama-2, RAG, QLoRA, Streamlit*

- Built an automated data pipeline to ingest, validate, and process unstructured medical datasets
- Developed an interactive Streamlit dashboard to display real-time performance metrics and model insights
- Optimized data processing workflows to run efficiently on constrained hardware constraints

ADDITIONAL EXPERIENCE

UW-Madison Facilities Planning & Management | Madison, WI

March 2026 – Present

Business Analytics Assistant

- Engineered Python scripts to clean AssetWorks AiM datasets, ensuring accuracy across 420 campus buildings
- Modeled custodial routes and analyzed square footage data to optimize daily workflows and staff allocations
- Built interactive Power BI dashboards to present operational metrics and models to university stakeholders

People and Robots Laboratory (PAIR Lab) | Madison, WI

March 2026 – Present

Undergraduate Research Assistant

- Piloted Temi robotics systems to collect and evaluate human-robot interaction data under Dr. Bilge Mutlu
- Analyzed 200+ hours of experimental interaction metrics to refine data collection protocols and support research
- Executed trials with 500+ participants, evaluating navigation and social behaviors in human-centric environments

LEADERSHIP & INVOLVEMENT EXPERIENCE

International Student Services | Madison, WI

Jan 2026 – Present

International Peer Mentor

- Mentor a cohort of 10 international students, facilitating their academic and social transition to UW
- Connect mentees with campus resources and organize activities to foster community and belonging

International Student Services Advisory Board | UW-Madison | Madison, WI

May 2025 – Present

Chair of the Student Representative

- Lead representation of over 6,000 international students in strategic discussions with ISS and campus leadership
- Championed the adoption of the QLess queue system, improving advising efficiency and accessibility for students

Malaysian Student Association | UW-Madison | Madison, WI

August 2023 – Present

Logistics Director

- Engineered sound, lighting, and special effects coordination for *Malaysian Cultural Night Theatre 2025*
- Managed vendor communications, equipment rentals, and venue arrangements to support event execution

SKILLS & INTERESTS

Data Analysis: Python (Pandas, Polars, NumPy), SQL, Microsoft Excel (Advanced), R

Visualization: Tableau, Power BI, Matplotlib, Streamlit, Data Visualization Principles

Programming: Java, Kotlin, C/C++, JavaScript, HTML/CSS

Tools: Git/GitHub, Docker, Linux/Bash, Figma, JUnit

Languages: English (Fluent), Bahasa Malaysia (Native)
